

## Axle Tech Parts

Axle Tech Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and components along with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their customers' expectations for service, technology, delivery and quality. They believe in working in an environment which supports the highest integrity with empowered teamwork, together with a unyielding pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of environmental stewardship and safety in how they do business. The company has put various programs in place so as to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whatever questions or comments, because they are happy to promote and share this policy with a greater knowledge of their efforts. They are extremely dedicated to improving and preserving the environment. AxleTech has an EHS program which not only protects the natural environment but which likewise actively protects their staff and neighbors too.

AxleTech specializes in the manufacture and designing of planetary axles utilized for both military and commercial applications, which may consist of anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider as well. AxleTech specifically designs axles to be able to meet specific application demands. They have over 1000 different axle specs in their existing offering. With over 100+ years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle needs. The business is well known in numerous commercial and military applications. They provide complete axle assemblies utilized for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have extra details which could be found in the "ISAS" product collection.
