

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of every global trade. Transporting industrial goods happens each day on our hectic world. Originally innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained popularity following World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread globally.

In the year 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the company is simply referred to as TCM Corporation. Through the years, TCM lift trucks have become a worldwide leader in lift truck manufacturing and have built a solid reputation with the business. TCM started constructing lift truck manufacturing locations outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

With over 50 years of accumulated expertise and technology, TCM has been proudly making several models of industrial lift trucks, making their models recognizable all over the world. With an energetic and strong staff, TCM has been able to continually work towards becoming a future leading material handling company.
